### CargoWise Monthly Update March

#### What's New in CargoWise

What's new in CargoWise | 

CargoWise is rolling out new capabilities designed to help logistics teams plan faster, reduce manual effort, and keep data moving seamlessly across rates, invoices and documents.

[WATCH NOW](#)

#### How Dual Use Goods and Export Controls Are Changing

Export compliance rules are tightening. Our latest article breaks down how dual-use goods, emerging technologies and cross-border complexity are increasing compliance risks for forwarders.

#### AI-powered intelligence for supply chain disruption now in CargoWise

Disruption across Middle East airspace and maritime corridors is impacting global trade lanes. Aggregated, anonymized CargoWise data proves it, showing widespread rerouting and schedule adjustments across both ocean and air networks. New AI-powered intelligence in CargoWise helps forwarders identify exposed shipments earlier and respond with greater confidence.
